WEB SUMMIT 2026 · THE CONDUCTOR BRIEF

The stand-up is at 12:00, not 13:00: the deck and your briefing are ready; two votes in

Thursday 5 November 2026, 10:40 UTC · conductor@web-summit.dinis

> Angelo moved today's stand-up to 12:00 (relayed by Vicky's logistics agent); the schedule said 13:00, so the site, the agenda and the briefings now say 12:00, keeping the meeting's id so no item moved. The deck for it is built from the repository: 12 slides with your night, the newsroom, the vote, observability, the cards, the keys and six decisions. Two ballots are waiting (Silvio, Angelo). Vicky's vault agent sent me the shortlist vault's read key over its lane (WS-153), with her rule: no name leaves the vault until you have picked and the person has been asked. Vicky's newsroom desks published their held agenda after this morning's fix.

12:00 today's stand-up (moved from 13:00)	**2 of 6** sticker ballots waiting (Silvio, Angelo); closes 14:30	**1** vault key received (Vicky's shortlist, read only)	**5** open items on the 12:00 agenda

For you to decide

1 **Personal business cards: printed as well, or only the three team cards?**
On the 12:00 agenda. Vicky: "I'll go with whatever Dinis decides on personal cards." The 600 team cards (design A) are ordered for Friday.

- ☐ only the three team cards
- ☐ personal cards too, for named people

Conductor's recommendation: Only the team cards this week: no names to check, no second proof; personal cards after the summit if wanted.

2 **Outreach: your yes on the claims in the 28 emails in Silvio's Gmail**
On the 12:00 agenda; Silvio sends nothing until you say yes.

- ☐ yes as drafted
- ☐ yes with changes
- ☐ hold

Conductor's recommendation: Read two of them at the stand-up and decide there.

3 **Vote before 14:30**
Your top 10 at /stickers/vote/; it also tests your key and your lane.

- ☐ vote now
- ☐ skip

Conductor's recommendation: Vote now
